TELEPHONY

THE AMERICAN TELEPHONE JOURNAL

INDEX TO VOLUME 87

July 5 to December 27, 1924

TELEPHONY PUBLISHING CORPORATION
608 So. Dearborn St.
CHICAGO

Immediately following the title of the articles in this index will be found the number of the issue, followed by the page number. Thus, 21–23 means issue number 21, page 23. Articles designated by an asterisk (*) are illustrated.

A

Accounting:
Accounting for small companies, by Seaborn N. Vines, 13–19.
Stub accounting and its advantages,* by L. R. Welliver, 20–12.
The value of accurate accounting,* by John W. Coffey, 16–58.
Advertising (See "Publicity" also):
Utility advertising is approved, Ed., 9–13.
Anglo-Dutch telephone cable, New,* 16–52.
Annual reports:
Bloomfield (Neb.) Telephone Co., 7–30.
Cuban Telephone Co., 7–30.
Association Histories:
California,* by Ernest Irwin, 12–15.
Florida,* 4–15.
National association,* 16–19.
Associations:
How telephone associations help, Ed., 24–11.
State association executives meet, 18–16.
Automatic:
Fire and then the Strowger system,* 2–26.
Keystone installs automatic P. B. X.'s in Philadelphia's commercial area, by Lee F. Howard, 2–21.
Strowger automatic in Canal Zone,* by H. E. Clapham, 3–32.
Strowger director system in Havana,* by H. E. Clapham, 24–25.
Strowger equipment for Butler, Pa.,* 25–28.
Studies in automatic telephony,* by James E. Mooney, 12–12.

B

Book Reviews:
An introduction to the Strowger system of automatic telephony, by H. H. Harrison, 14–41.
Appareils et installations telephoniques, by E. Reynaud-Bonin, 11–41.
Automatic telephone system, Vol. 3, by Wm. Aitken, 12–42.
Engineering in American industry, by Conrad Newton Lauer, 14–40.
Telegraphy and telephony with railroad applications, by Charles Stanley Rhoads, 14–41.
Telephone circuit diagrams, by John M. Heath, 4–41.
Telephony, including automatic switching, by Arthur Bessey Smith, 4–40.
The gasoline automobile, by George W. Hobbs, 13–40.
Theory and practice of public utility valuation, by W. H. Maltbie, 11–41.
Budget, Applying it to a telephone company, by Frank J. Brookman, 12–23.
Business, Your, and its improvement,* by C. W. Kugelman, 2–12.

C

Cable:
Catalina Island submarine cable for telephone and telegraph, 9–20.
How we pulled in aerial cable in long sections, by S. M. Hampton, 14–32.
New Anglo-Dutch telephone cable,* 16–52.
Results of investigation of corrosion of "buried" cable, 10–26.
California:
Activities of California commission in telephone matters, 22–34.
Association meets at Whittier, 25–18.
Meeting of California Independents,* 15–27.
Story of state association,* by Ernest Irwin, 12–15.
Canada: Data on telephone service in Canada, 24–34.
Carolinas association organized, 24–15.
Chats about company doings, 2–19, 3–30, 5–22, 7–28, 11–29, 13–22, 18–23, 20–24, 22–20.
Chief operator, "The traffic cop," by Miss Nelle M. Roberts,* 22–12.
Chief operator's responsibility,* by Miss Manta J. Elder, 8–12.
Code ringing, Designations for,* by H. N. Faris, 4–20.
Collections:
Personal touch in rural collecting,* by Miss Nelle M. Roberts, 6–12.
Some telephone guys and anchors,* by L. M. Harrington, 14–14.
Commercial:
Field of commercial engineering,* by P. A. McFarlane, 21–17.
Personal touch in rural collecting,* by Miss Nelle M. Roberts, 6–12.
Salesmanship, biggest part of commercial employe's job, by T. S. Vickroy, 4–12.
Some telephone guys and anchors,* by L. M. Harrington, 14–14.
Commission orders and decisions, Legal aspects of, by Wm. J. Anderson, 1–26.
Commission viewpoint of regulation, by Lewis E. Gettle, 18–12.
Communications' conference at Mexico city nears end, 3–29.
Competition problem, Solution to,* by H. D. Fargo, Jr., 3–17.
Construction: Why overhead construction order, by J. Howard Mathews, 21–28.
Conventions:
A practical national convention, 17–15.
California association meets at Whittier, 25–18.
Carolinas Telephone Association, First meeting of, 24–15.
Illinois' "Presidential' convention,* by Stanley R. Edwards, 21–12.
Indiana association,* by Stanley R. Edwards, 13–14.
Maine association, 14–16.
Meeting of California Independents,* 15–27.
National Association of Railroad & Utilities Commissioners, 22–28.
Northern Indiana's annual meeting, 1–17.
Vermont has successful meeting, 1–30.
Correspondence: Do your letters build good will?* by Frank E. Bohn, 23–30.
Cost analyses in plant extensions,* by Stanley Skinner, 9–14.

D

Development Studies: Proper districting of territory, by M. G. Larkin, 14–20.

E

Employe and Employer Relations:
Good public relations and morale,* by Harry E. Eldridge, 16–30.
Problem of reaching the "real man," by Charles G. Vickery, 23–12.
Relations of employer and employe,* by Miss Margaret Grace, 10–14.
Employe Welfare Work: Good will work among employes,* 1–16.
Engineering: Field of commercial engineering,* by P. A. McFarlane, 21–17.
Exchanges, New:
La Crosse Telephone Co. has fine exchange at Onalaska,* 9–20.
Modern exchange at Franklin, Pa.,* 6–28.
Expansion: The problem of growth and income,* by A. R. Bone, 22–17.

F

Financial (See "Annual Reports" and "Interstate Commerce Commission Statistics" also):
Statistics of Nebraska companies, 5–23.
The problem of growth and income,* by A. R. Bone, 22–17.
First aid in the telephone field, by F. R. Davis, 9–28.
Florida:
History of state association,* 4–15.
Report of telephone engineer shows Florida growth, 13–21.
The telephone's future in Florida, by Otto Wettstein, Jr., 4–16.
Workers and friends of employes of Peninsular company have picnic, 7–17.
Foreign:
Cabinet minister tells why Italy sells telephone system, 14–34.
Developments in Chilean field, 12–39.
History of the telephone and telegraph in Chile, 6–25.
Spanish telephone system taken over by private company, 12–18.
Spanish telephone system to be "Americanized," 4–19.
Forms: Combination form which serves many purposes, 1–23.
Fountains, Ornamental, put to work,* by Felix J. Koch, 15–23.

G

Good Will (See "Public Relations" also):
Do your letters build good will? by Frank E. Bohn, 23–30.
Gaining the public's confidence,* by H. P. Sentman, 5–14.
Good will pays dividends, Ed., 10–13.
Good will work among employes,* 1–16.
Government Ownership: U. S. policy on communication, 7–16.

H

Havana cuts over two new offices,* 21–27.
Here and there in telephone work, 1–22, 6–26, 7–21, 9–20, 12–36, 14–30, 18–21, 19–30, 25–22.
Highways: Rights and duties on the highways, by David F. Simpson, 5–17.
History (See "Association").

I

Illinois:
An ideal Illinois telephone plant* (Washington), 19–27.
Federal court hearing in Peoria rate case, 2–32.
Illinois' "Presidential" convention,* by Stanley R. Edwards, 21–12.
Peoria rates of Illinois Bell upheld, 6–31.
Plans of service department of Illinois association,* 21–20.
Solution to competition problem in territory of Commercial company of Olney,* by H. D. Fargo, Jr., 3–17.
Indiana:
Bell rate case settled out of court, 3–38.
Commission orders investigation of Indiana Bell, 4–28.
Final decree enjoining rates fixed by commission, 2–32.
Hoosiers have good convention,* by Stanley R. Edwards, 13–14.
Indiana Bell announces new schedule for entire state, 4–28.
Northern Indiana's annual meeting, 1–17.
Northwestern Indiana Telephone Co. granted increase, 8–32.
Seek to revoke charter of Indiana Bell, 2–32.
West central Indiana association elects officers, 26–25.
Inter-American conference, Convention of, unsigned by United States, 6–14.
Interference (See "Radio").
Interference problems, Power line, Ed., 8–11.
Interstate Commerce Commission statistics for Class A companies:
April, 5–26; May, 7–31; June, 13–34; July, 18–20; August, 20–19; September, 22–19.
Iowa State College operators' conference at Rockwell City, 14–22.

K

Kellogg: "Ideal city" has Kellogg service,* by A. B. Pogue, 2–29.
Kentucky: Central Home and Louisville Home mergers approved by Interstate Commerce Commission, 10–38.

L

Lincoln Company: Drive for new subscribers and greater toll business, 1–23.

M

Maine: Annual meeting of state association, 14–16.
Maintenance:
Cleanliness on the job leads to best work,* by Herrick Johnson, 10–26.
Leaks wideawake company can stop,* by C. W. Kugelman, 10–21.
More maintenance; less rebuilding, by R. W. Garner, 24–12.
Troubles affecting transmission,* by R. M. Bruce, 10–17.
System for keeping check on all classes of maintenance, by N. A. Graham, 14–30.
Massachusetts:
Bell asks general rate increase, 25–32.
Sweeping investigation of New England Bell is sought, 26–28.
Michigan: Michigan Bell victor in rate case, 19–21.

District meeting at Two Harbors,* 10–23.
Increased rates for Duluth upheld by court, 21–38.
Southern Minnesota district meetings, 1–21.
Tri-State traffic essay contest,* 23–16.
Missouri:
Commission institutes investigation of power line interference, 8–32.
Talk-it-over monthly "get together" of Johnson County Telephone Co., 6–18.
Municipal system in Virgin Islands,* by P. H. Stucky, 8–15.

N

National association, Story of,* 16–19.
Nebraska:
Bell upheld in Nebraska rate case, 9–37, 11–26.
District meetings at Plainview, Ord, Canbridge and Stanton, 14–34.
District meetings at Superior and Pawnee City, 16–56.
First test of toll division law, 1–34.
Operating statistics, 12–22.
Raise equipment of Lincoln company 10 feet without disturbing operating, 18–21.
New York:
District meeting at Alexandria Bay, 13–20.
Federal statutory court approves New York rate increase, 5–38.
Increased rates denied by commission, 4–32
Plattsburgh district meeting of New York Up-State association, 6–20.
Special master appointed, 6–34.

O

Ohio:
Bell to retire from Portsmouth,* 2–17.
District meeting at Warren, 15–24.
Oil field private communication,* by Warren T. Bulla, 10–19.

Oklahoma:
Enid and Wynona district meetings, 1–20.
Heavener and Durant district meetings, 6–31.
Operating rules, Long distance, of national association, 2–15.
Operator:
An intensely human being,* by Miss Margaret Grace, 24–16.
Give the operator's side of it,* by Frank H. Williams, 9–18.
Operator Relations: Promoting cordial relations with tributary operators, by Miss Manta J. Elder, 13–23.

P

Party Line Service: Use and abuse of four-party service, by Harry N. Faris, 16–29.
Pennsylvania:
Commission approves agreement on Bell rates, 6–34.
Employes of Mutual company of Erie have picnic, 7–20.
Meeting commercial needs of a city,* by Lee F. Howard, 2–21.
Modern exchange at Franklin, Pa.,* 6–28.
Personal and biographical notes, 3–31, 5–30, 9–32, 14–28, 24–30, 25–26, 26–26.
Pioneers' day at the national convention,* 17–27.
Plant (See "Maintenance" also):
Cost analyses in plant extensions,* by Stanley Skinner, 9–14.
Your business and its improvement,* by C. W. Kugelman, 2–12.
Pole line construction work, Organization in, by Herrick Johnson, 7–21.
Poles: Modern methods of marking,* by George O. Benson, 20–28.
Power Line Interference:
Missouri commission institutes investigation, 8–32.
Power line interference problems, Ed., 8–11.
Prices: Trends of commodities and utilities,* by Ward H. Snook, 11–17.
Private communication, Oil field,* by Warren T. Bulla, 10–19.
Public Relations:
10,000th telephone used as magnet in drawing visitors, 23–23.
Gaining the public's confidence,* by H. P. Sentman, 5–14.
Give the operator's side of it,* by Frank H. Williams, 9–18.
Good public relations and morale,* by Harry E. Eldridge, 16–30.
The public and the telephone company, by H. T. Dobbins, 6–21.
Public's viewpoint on regulation,* by C. O. Ruggles, 19–14.
Publicity (See "Advertising" also):
Get more news into local papers, by Frank H. Williams, 23–22.
10,000th telephone used as magnet in drawing visitors, 23–23.
Radio talk on telephone business,* 24–21.

R

Radio:
A. R. A. takes steps to form International Radio Association, 2–16.
Eliminating interference by frequency converters,* by L. W. Ridenour, 11–16.
Hoover opposes more radio control, 24–14.
Investigates use of short waves, 10–16.
Practical radio for telephone men,* by Allan C. Forbes, 11–14, 13–27, 15–15, 17–29, 20–17, 22–15, 24–18.
Progress made in radio engineering, by Dr. J. H. Dellinger, 26–21.
Proposed Pan-American radio and wire regulation, 15–26.
Radio antennas are not a lightning menace, 19–29.
Radio conference opposes monopoly, 16–40.
Radio on the farm and the local man's opportunity, Ed., 22–11.
Radio talk on telephone business, by C. B. Cheadle,* 24–21.
Ringing-machine radio interference, by H. R. Fritz, 4–18.
Some difficult problems of radio, by Herbert Hoover, 15–19.
Tests commercial possibilities of radio across Atlantic, 9–17.
Third national radio conference, 15–24.
Rates:
Bell scores in South Carolina case, 14–18.
Southern Bell statute rates in South Carolina found confiscatory by court, 14–18.
Equitable rural telephone rates, by Joseph Lillich, 8–26.
Federal statutory court approves New York rate increase, 5–38.
Michigan Bell victor in rate case, 19–21.
Records: System for keeping check on all classes of maintenance, by N. A. Graham, 14–30.
Regulation:
Commission viewpoint, by Lewis E. Gettle, 18–12.
Public's viewpoint,* by C. O. Ruggles, 19–14.
Review of Year: The year one of service progress, by Stanley R. Edwards, 26–11.
Ringing-machine radio interference, by H. R. Fritz, 4–18.
Rural Service: Designations for code ringing,* by H. N. Faris, 4–20.

S

Salesmanship:
Fundamentals of toll salesmanship,* by Jasper M. Allen, 1–12.
The biggest part of commercial employe's job, by T. S. Vickroy, 4–12.
Service:
Personal interest, the key to service, by C. G. Vickery, 18–18.
Thoughts on service importance,* by Miss Bess Peterson, 15–12.
Use and abuse of four-party service, by Harry N. Faris, 16–29.
Sales and Purchases:
Bell to purchase four Florida companies, 16–70.
Bell to retire from Portsmouth, Ohio,* 2–17.
Chemung Telephone Co. to take over local Bell properties, 8–20.
Columbia (Pa.) Telephone Co. acquires Bell properties, 16–66.
Local Bell purchased by Farmers Mutual of Clarinda, Iowa, 14–27.
Madison (Neb.) Telephone Co. purchases Tilden properties, 12–39.
M. L. Golladay now controls Johnson County company, 23–14.
Sale of Cumberland Valley properties in Virginia approved, 17–44.
Small town service problems, Commission seeks to solve, 14–36.
South Carolina: Court finds statute rates of Southern Bell confiscatory, 14–18.
Southwest, Utilities of the great, by R. J. Benzel, 7–18.
State association executives meet, 18–16.
Statistics (See "Interstate Commerce Commission" also):
Nebraska operating statistics, 12–22.
Sidelights on telephone growth, Ed., 14–13.
Some telephone cost figures, Ed., 10–13.
Sundry snapshots along the telephone trail, by Well Clay, 2–25, 3–26, 7–27, 9–27, 15–25, 16–46, 21–21, 22–26, 24–20.
Switchboard: Straightforward trunking,* by J. P. Boylan, 321.

T

Texas:
District meetings at Houston, Sherman and Amarillo, 10–34.
Ft. Worth injunction case, 3–39, 7–34.
Mid-summer meeting in Dallas well attended, 4–26.
Tyler district meeting, 15–30.
Thinking and Initiative: Telephone folk "do own thinks," by Kendall Weisiger, 23–21.
Toll:
Fundamentals of toll salesmanship,* by Jasper M. Allen, 1–12.
Fundamental toll traffic estimates,* by E. W. Hildebrand, 3–14.
Tools for the line gang and maintenance men, by Herrick Johnson, 9–21.
Traffic:
A method of handling complaints, by Miss Eleanore O'Flanagan, 9–24.
Adequate legislation a solution to many problems, by R. E. Sullivan, 12–20.
Advantages of traffic supervision,* by Miss Margaret W. Gonter, 13–31.
Benefits derived from an operators' conference, by Miss Ruby Green, 22–25.
Business principles of small telephone exchange, by Miss Vesta Shaw, 6–18.
Call orders, by Miss Bertha Eckard,* 20–21.
Chief operator in small exchange,* by Oliver N. Edwards, 9–25.
Chief operator's responsibility,* by Miss Manta J. Elder, 8–12.
Cooperation between toll centers and tributary offices, by Miss Madeline Pingleton, 11–23.
Courtesy and cooperation, by Miss Ethel Wells, 12–19.
Effect of traffic conferences, by Miss Netty L. Hatch, 13–32.
Eight points to completion of local call, by Miss Anna Jensen, 10–30.
Eight pointers or steps to completion of a local call, by Miss Josephine Ganley, 15–29.
"Following through" with supervisor, by Miss Kathryn Murphy, 11–21.
Fundamental toll traffic estimates,* by E. W. Hildebrand, 3–14.
Losses due to misuse of circuits, by Miss Katharine A. Crowley, 18–27.
Managers! Cooperate with workers,* by Miss Anne Barnes, 22–24.
On Main street in Iowa, by Miss Ruth Padget, 14–22.
Operator's deportment and training, by Mrs. M. G. Easton, 5–28.
Overlap ringing, by Miss Mary Campbell, 13–33.
Peg count in the smaller offices, by Miss Marguerite P. Croake, 24–32.
Price of an unfriendly feeling, by Mrs. Loretta Cusick, 21–26.
Problems of chief operator in average office, by Miss Grace Coan, 8–18.
Problems of telephone operators in small offices, by Miss Lulu Reis, 10–30.
Proper districting of territory, by M. G. Larkin, 14–20.
Proper handling of toll tickets and increased revenue, by Mrs. Gladys Price, 8–19.
Public relations, by Rev. W. J. Robinson, 14–26.
Public relations from the operator's standpoint, by Mrs. Ruth Yuna, 12–20.
Public relations from the operator's standpoint by Mrs. Jessie B. Hill, 21–23.
Qualifications necessary in the selection of operators, by Mrs. Vangie Reeves, 15–29.
Responsibility of the individual,* by Frank V. Newman, 26–24.
Retraining, by Miss Helen Ringwood, 11–22.
Small office problems and duties,* by Mrs. L. H. Snyder,* 3–28.
Some of the elements in striving to please everybody, by Miss Fay Johnston, 8–18.
Telephone cooperation, by J. P. Gibson, 12–19.
The goal of the traveling chief operator, by Miss Esther Sorensen, 21–23.
The operator in public relations, by Miss Marguerite P. Croake, 7–23.
Traffic and commercial problems, by Mrs. Lulu Shaw Grimes, 12–19.
Traffic-plant employe, cooperation, by Mrs. E. Lewis, 19–25.
Tri-State traffic essay contest,* 23–16.
Value of central office records to chief operators, by Mrs. Laura A. Buell, 20–20.
Ways and means of completing long distance business, by Miss Ruth Hempfling, 21–26.
What is a good operator? by Miss Edith Barnett, 6–18.
What public expects of operator, by Mrs. Ora Claytor Moore, 12–30.
Where I find romance in figures, by Mrs. Libbie Minor, 14–23.
Why operator should be careful in handling equipment, by Miss Marie Blake, 6–18.
"Yes'm—Shall I fill up the tank?" by Miss Ella Jane Walton, 14–23.
Tri-State: Good will work among employes,* 1–16.
Transmission efficiency unit, New,* by W. H. Martin, 6–15.
Transmission, Troubles affecting,* by R. M. Bruce, 10–17.
Trouble, Clearing: The troubleman's troubles, by R. B. Strieby, 14–30.
Trunking, Straightforward,* by J. P. Boylan, 3–21.

U

Unit, New transmission efficiency,* by W. H. Martin, 6–15.
United States Independent Telephone Association:
A practical national convention, 17–15.
Glimpses into the exhibit room, 17–52.
Helpful divisional conferences, 17–31.
Long distance operating rules of national association, 2–15.
Plans for big national gathering, 14–17.
Program for national convention, 16–17.
Reports of division chairmen, 17–35.
Stage set for big national meeting, 16–16.
Story of the national association,* 16–19.
With the association directors, 17–28.
Utilities of the great southwest, by R. J. Benzel, 7–18.
Utility commissioners' convention, 22–28.

V

Vacuum tube, The electrics of the,* by John M. Heath and O. M. Hovgaard, 25–14, 26–17.
Vermont has successful meeting, 1–30.
Virgin Islands, Municipal system in,* by P. H. Stuckey, 8–15.

W

Wanderlust, The spirit of, and the job,* by E. L. Gaines, 7–14.
Washington rate case, 5–39, 6–31, 7–34.
West Virginia: Increased toll rate sought by Bell, 7–34.
Wisconsin: Interesting magneto installation at Plymouth, 17–48.

AUTHORS' INDEX.

Allen, Jasper, M.: Fundamentals of toll salesmanship,* 1-12.

Anderson, Wm. J.: Legal aspects of orders and decisions, 1-26.

Barnes, Miss Anne:
A daily dozen for the mind, 14-27.
And we grumble, 2-18.
Back seat drivers, 19-26.
Bill's couch, 1-34.
Checking yourself up, 12-21.
Choked channels, 1-28.
Evolution of organ grinder's organ, 20-27.
Fairweather Jane, 8-21.
Has been, 15-30.
Leaks, 26-15.
Limited service, 17-34.
Mental hunchbacks, 9-30.
Minnie puts herself on record in the old home town, 16-28.
"No cigars, no Steinmetz," 4-23.
Other things, 23-15.
Prize packages, 5-27.
Rolling stones, 7-19.
Running water, 24-17.
Signals, 25-21.
The church carpet, 11-28.
The magnet, 3-20.
The wail of a cord, 13-33.
Tip-the-purse service, 18-17.
What I hear in the dull hum of the bees, 6-24.
When sandwiches do not satisfy, 22-14.
Work or no work, 21-22.
